

Chateau sur le Lac

**BIENVENUE AU CHATEAU
SUR LE LAC**

Le Chateau sur le lac est un CHSLD privé qui regroupe une clientèle variée. Autonome, semi-autonome, non-autonome, allophone et de régions multiples; il représente l'ensemble de la population qui peuple nos villes avoisinantes. Nos services tentent de satisfaire ces exigences afin que chaque résident du Chateau se sente chez lui dans son nouveau milieu de vie.

Season Finale: BBQ & Educational Highlights

On September 19, we hosted our final BBQ of the season, and it was a wonderful success. The afternoon was filled with delicious food, laughter, and special moments shared with families and friends who came to spend time with their loved ones.

Over the past several weeks, we also completed surveys for our lectures and educational sessions. We are very pleased to share that the feedback was overwhelmingly positive, reflecting the value and impact of these programs.

We sincerely thank all the families and friends for their ongoing support and trust. Together, we remain committed to providing our residents with the highest quality of care and meaningful experiences.

"The best BBQs are seasoned with friendship and family."

Enhancing Quality of Life Together

At our residence, we believe that the foundation of exceptional care lies in continuous learning, collaboration, and shared commitment. We are proud to provide ongoing training and educational sessions for families, staff, and residents, ensuring that everyone is equipped with the knowledge and support needed to deliver the highest standard of care.

Our partnership with the Centre intégré universitaire de santé et de services sociaux de l'Ouest-de-l'Île-de-Montréal (CIUSSS) plays a vital role in this mission. Together, we work to integrate best practices, strengthen our services, and provide residents with care that not only meets their needs but also enhances their quality of life each day.

This collaboration, combined with the dedication of our staff and the support of families, allows us to foster an environment where residents feel respected, valued, and truly cared for.
